Charles H. Ervin  
Presiding Judge  
Sierra County Superior Court

Dear Sierra County Citizen,

As the Presiding Judge of the Sierra County Superior Court for the past eight years, I am in a unique position to know the qualifications necessary to serve as a competent judicial officer in the Sierra County Superior Court. For that reason, I endorse and support judicial candidate David Garner to the fullest extent possible to become the judge for the open seat on the court. David only needs *one* genuine endorsement – that being from the judge he will work beside when he is elected. David has earned my trust, my respect and my vote. I urge you to vote for David Garner to become the next Judge of the Sierra County Superior Court.

As a criminal prosecutor and representative of the People of the State of California since 2010, David is driven to follow the law, protect the public and hold wrongdoers accountable. David knows how to be stern with violent and repeat offenders. He has a record of being compassionate with crime victims and being fair when someone simply made a mistake. David possesses a perfect combination of intellect, superb judgment, humility and fairness to assure the common sense justice results our community deserves.

I believe that David's breadth and depth of expertise, along with boots-on-the-ground experience across a variety of legal areas which come before the court - ranging from serious and violent crime to the people's small claims court - demonstrate his readiness to serve as a judge. Within his heart is a deep-abiding, long term commitment to serve our entire community for many years, as I have. He has owned property and paid taxes in Sierra County since 2010, which demonstrates his dedication to our community and willingness to serve. David and I also share a common judicial outreach goal to involve youth with conflict resolution processes which help them stay out of the formal juvenile justice system and school-to-prison pipeline.

Our citizens should entrust the office of Judge of the Sierra County Superior Court only to the candidate who meets the highest standards of experience, integrity and community commitment. David has superior credentials in all of these areas. Please join me and vote for David Garner to be elected as the next judge of the Sierra County Superior Court.

Thank you,

Charles H. Ervin  
Presiding Judge  
Sierra County Superior Court
